

*Semalytix is a fast growing start-up specialised in developing Software-as-a-Service products for explaining the global conversation around Competitive Intelligence topics in the Pharma domain. Our AI solutions extract insights from large amounts of textual data to support our customers in making decisions at the operational and strategic level much faster, more informed and much easier – on the solid base of Machine Learning (ML), Natural Language Processing (NLP) and Knowledge Graphs.*

**We offer:**

- A young, dynamic, and motivated international team with a background from more than 20+ different nations striving for the best solutions for our customers
- The spirit and culture of a fast-paced and dynamic start-up in a highly collaborative working environment
- An open and flexible culture and working atmosphere
- Sponsored gym membership
- Regular company events

**In order to support our Analytics Team, we are seeking  
(full-time, as soon as possible):**

***NLP Engineer (m/f/d)***

**Your responsibilities:**

- Conceptualise, implement and apply NLP-focussed text analytics methods
- Develop NLP- or ML-based analytics/machine-reading services for information extraction from different genres of text
- Work within an existing, Python-based infrastructure
- Work in Python with Spacy, NLTK, Pytorch, Scikit-Learn (in a tech stack comprised of these frameworks)

**Required skills and qualifications:**

- Strong programming skills in Python
- 2+ years of hands-on experience in the field of NLP and machine learning (industry experience beyond academia would be preferred)
- Business fluent in English (German is a plus)
- Excellent communication skills
- Excellent analytical and interpersonal skills
- Applicant must be a resident of the European Union or the United States

**Nice to Have:**

- Knowledge of Pytorch, Spacy, NLTK and Scikit-Learn
- Experience in Deep Learning
- Experience with quality evaluation of machine learning algorithms
- Git flow experience (workflow concept for git)

Your future team will be, Soufian, Nico, Cedric, Mert, Nikša, Bassam and Fabian as captured below, plus our camera shy colleagues Tanjib, Dimitry and Roddy.

*“We pride ourselves on our inclusive atmosphere, encouraging new ideas and open, honest dialogue. We promote a friendly and natural style of communication to cultivate this kind of openness, helping each other reach their potential and in turn, the team. Occasionally, to decompress, we like to indulge ourselves in some Nerf-gun shootouts! You could just grab yourself a Nerf-gun and participate or do it like Switzerland and declare your desk a neutral zone! Bring your skill and passion for problem solving and then join us!”*

#### **How to apply:**

Please apply at [careers@semalytix.com](mailto:careers@semalytix.com). Your application documents (in English) should include a letter of motivation, CV, relevant certificates and references in one single PDF document.

Informal inquiries may be directed to Katharina Wendler ([katharina.wendler@semalytix.de](mailto:katharina.wendler@semalytix.de)). Positions remain open until filled. We are strongly committed to promoting equal opportunity and diversity in our team.
